## Unionville Nevada Massachusetts Mine

In 1987, the first Nevada Historic Mining Calendar was created by The Society for Mining, Metallurgy and Exploration (AIME), Northern Nevada Section, as a fundraiser for scholarship and scholastic functions for the students of the College of Science Students and

Mackay School of Earth Sciences and Engineering (Mackay School of Mines). Because of the popularity of the Calendar with individuals and corporations in the mining industry, and those who enjoy Nevada history, we are proud to say that this tradition continues.

***We would like to personally thank ALL OF YOU for your support of our fundraising efforts for our students, and hope that you enjoy our 2016 Nevada Historic Mining Calendar.***
