

MISSOURI DEPARTMENT OF NATURAL RESOURCES

You are invited!

You are cordially invited to the McCracken Core Library and Research Center 30th Anniversary Celebration and Open House to be held Thursday, April 25, 2019, from 9 a.m. to 3 p.m. This event is free and open to the public.

Our 21,000 square foot core facility houses approximately 8 million feet of subsurface geologic material (1.4 million feet of core and 6.5 million feet of cuttings).

Please join us for the following activities:

- Core viewing, displays and exhibits throughout the day with a presentation about “The Value of Core in Missouri” at 9:30 a.m. and 1:30 p.m.
- Tour the recently updated space.
- Meet members of Missouri Geological Survey staff.
- Learn how the McCracken Core Library and Research Center can support your work.
- Lunch and refreshments.

Please RSVP by April 19 to 573-368-2100 or Lisa.Lori@dnr.mo.gov.

The McCracken Core Library and Research Center has limited parking. Parking is available on neighboring streets. Everyone is welcome, so please bring co-workers, staff, faculty or students who may be interested. The facility is located at 1 Research Drive, Rolla, Missouri. Read more about the facility online at [McCracken Core Library and Research Center](#).
